GCB INNOVATORS
ROUNDTABLE

Polymiron

David Stone, PhD, Founder and CTO

Polymiron

Making Polymiron with the Iron Carbonation Process

PINE OIL

**STEEL
DUST**

**CO₂ AND
WATER**

**SOLID
PRODUCTS
AND
FUEL GASES**

Solid Products: coatings, sealants, resins

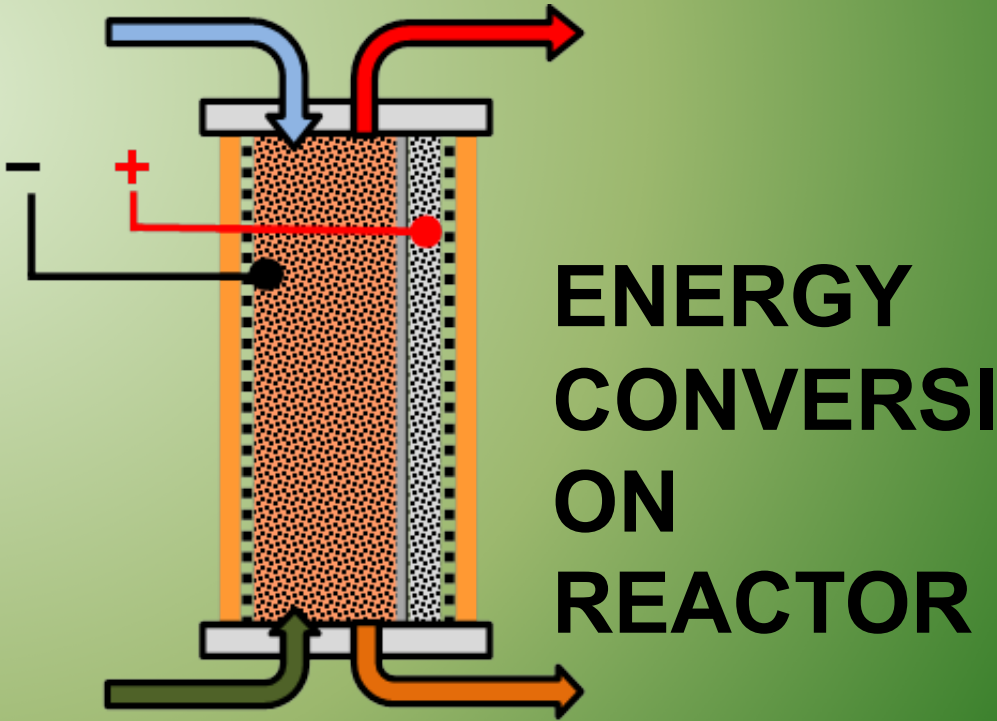

Polymiron

Fuel Gases: hydrogen, formic acid, methanol

WE HAVE...

first publication, PPA, and prototype products.

WE SEEK...

joint ventures to further develop and commercialize material technologies and the products and applications they enable.
